

Masport Olympic Reel Mowers 5 models to choose from

Masport Olympic 400 (not illustrated)

To create a manicured look for medium sized domestic lawns, choose the Masport Olympic 400. The split steel rear roller ensures easy manoeuvrability.

Engine: 3 HP Tecumseh 4 stroke
Roller: Split steel rear, wooden front
Cylinder: 6 Blades
Cut: 400mm (16")
Catcher: Plastic
Cutting Height: 7mm - 30mm

Olympic 500

Masport Olympic 500

With a hungry 500mm (20") cut and hard-working Tecumseh 3 HP, 4 stroke engine, this mower is ideal for reducing mowing time on larger lawns. Features a split rear roller.

Engine: 3 HP Tecumseh 4 stroke
Roller: Split steel rear, wooden front
Cylinder: 6 Blades
Cut: 500mm (20")
Catcher: Plastic
Cutting Height: 7mm - 30mm

Masport Olympic 660 S (Sports)

If your ultimate aim is to create the perfect "well groomed" finish with ease and versatility, this sports model can't be beaten. In addition to all the features of the 660 mower, the 660 S also offers a low-cut bottom blade, turf rake, highly accurate height controls and an all-steel front roller. The Masport Olympic 660 S is also a great choice for mowing cricket pitches, tennis courts or any area where a flawless "park like" finish is desired.

Engine: 4 HP Briggs & Stratton O.H.V. Vanguard
Roller: Split steel rear, steel front
Cylinder: 10 Blades, Turf Rake
Cut: 660mm (26")
Catcher: Aluminium
Cutting Height: 3mm - 26mm

Olympic 660

Masport Olympic 660

For those extra large lawns on rural or urban sections, let the 660mm "banded cut" of this mower do the hard work. Powered by a Tecumseh 3 HP, 4 stroke engine.

Engine: 3 HP Tecumseh 4 stroke
Roller: Split steel rear, wooden front
Cylinder: 6 Blades
Cut: 660mm (26")
Catcher: Aluminium
Cutting Height: 7mm - 30mm

Masport Olympic 500 Golf

The 500 Golf offers optimal mowing care and maintenance for the perfect golf green. With all the features of the 660 S sports model, performance of the 500 Golf is further enhanced with the incorporation of a rear roller scraper and shaver blade. The Briggs and Stratton O.H.V. engine provides extra torque and industrial features for longer life.

Engine: 4 HP Briggs & Stratton O.H.V. Vanguard
Roller: Split steel rear, steel front
Cylinder: 10 Blades Turf Rake
Cut: 500mm (20")
Catcher: Plastic
Cutting Height: 3mm - 26mm

Built In Quality Features

- Unique "twin drive" control for safe, hassle free mowing. This allows you to traverse rough ground with the aid of power drive, without the risk of harming the precision cutting cylinder.
- Fully welded, 3mm (10swg) mild steel chassis for rigidity.
- Hard wearing, attractive powder coated finish.
- Large capacity catchers that allow more mowing and less emptying time.
- Durable hardwood front rollers that are gentle on lawns, but also hard wearing (front rollers on 500 Golf and 660 S are steel for a more precise, smooth finish).
- Adjustable handle height for operator comfort.
- Simple, single movement cutting height adjustment.
- Reliable recoil "pull start".
- Electronic ignition that ensures easy starting.
- Dependable self adjusting chain drive system.
- Your quality guarantee with Masport's 12 month warranty for domestic use.
- Split steel rear roller provides differential action for easy manoeuvrability and prevents scuffing of turf.
- Optional rubberised rear rollers are available at extra cost.
